INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
Concord Academy-Boyne:

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Concord Academy-Boyne (the Academy), as of and for the year ended June 30, 2009, which collectively comprise the Academy's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Concord Academy-Boyne's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Concord Academy-Boyne, as of June 30, 2009, and the respective changes in financial position, thereof, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Board of Directors
Concord Academy-Boyne

In accordance with *Government Auditing Standards*, we have also issued our report dated September 14, 2009, on our consideration of Concord Academy-Boyne's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and important for assessing the results of our audit.

The management's discussion and analysis and budgetary comparison information on pages 3 through 7 and 25, are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Smolinski & Christman, P.C.

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of Concord Academy-Boyne's (the Academy) annual financial report presents our discussion and analysis of the public school Academy's financial performance during the fiscal year that ended on June 30, 2009. Please read it in conjunction with the Academy's financial statements, which immediately follow this section.

Financial Highlights

- The Academy experienced a decrease in net assets of \$243,596, from \$883,351 to \$639,755.
- Revenues decreased by 6.6 percent, from \$1,517,610 to \$1,423,463, while expenses increased by 4.1 percent, from \$1,602,090 to \$1,667,059.
- Blended enrollment used for state aid purposes was 179.88 in June, 2009 compared to 194.64 in June, 2008.

Overview of the Financial Statements

This annual report consists of three parts:

1. Management's discussion and analysis (this section).
2. Basic financial statements.
 - a. Academy-wide financial statements.
 - i. Statement of Net Assets.
 - ii. Statement of Activities.
 - b. Fund financial statements.
 - i. Governmental funds statements.
 - ii. Fiduciary funds statements.
3. Required supplementary information.

The two Academy-wide financial statements provide short-term and long-term information about the Academy's overall financial status.

The fund financial statements focus on individual parts of the Academy, reporting the Academy's operations in more detail than the Academy-wide statements.

The governmental funds statements tell how basic services like regular education were financed in the short-term as well as what remains for future spending.

Fiduciary funds statements provide information about the financial relationships in which the Academy acts solely as an agent for the benefit of others.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the financial statements with a comparison of the Academy's budget for the year.

Major Features of the Academy-Wide and Fund Financial Statements

The table below summarizes the major features of the Academy's financial statements, including the portion of the Academy's activities they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis highlights the structure and contents of each of the statements.

	Academy-wide statements	Fund Financial	Statements
		Governmental funds	Fiduciary funds
Scope	Entire Academy (except fiduciary funds)	All activities of the Academy that are not fiduciary	Instances in which the Academy administers resources on behalf of someone else, such as student activities monies
Required financial statements	* Statement of net assets * Statement of activities	* Balance sheet * Statement of revenues, expenditures and changes in fund balances	Statement of fiduciary net assets
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus
Type of asset/liability information	All assets and liabilities, both financial and capital, short-term and long-term	Generally assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets or long-term liabilities included	All assets and liabilities, both short-term and long-term, the Academy's funds do not currently contain capital assets, although they can
Type of inflow/outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year, expenditures when goods or services have been received and the related liability is due and payable	All additions and deductions during the year, regardless of when cash is received or paid

Academy-wide statements

The Academy-wide statements report information about the Academy as a whole using accounting methods similar to those used by private-sector companies. The statement of net assets includes all of the Academy's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two Academy-wide statements report the Academy's net assets and how they have changed. Net assets - the difference between the Academy's assets and liabilities, are one way to measure the Academy's financial health or position.

- Over time, increases or decreases in the Academy's net assets are an indicator of whether its financial position is improving or deteriorating, respectively.
- To assess the overall health of the Academy, you need to consider additional non-financial factors such as changes in the Academy's enrollment, the condition of school buildings and other facilities, and the Academy's ability to be competitive with other public school academies and area school districts.

Fund financial statements

The fund financial statements provide more detailed information about the Academy's funds, focusing on its more significant or "major" funds - not the Academy as a whole. Funds are accounting devices the Academy uses to keep track of specific sources of funding and spending on particular programs:

Governmental activities - The Academy's basic services are included in the general fund, such as regular and special education and administration. State foundation aid finances most of these activities.

The Academy has two kinds of funds:

Governmental fund - Most of the Academy's basic services are included in governmental funds which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps you determine whether

there are more or fewer financial resources that can be spent in the near future to finance the Academy's programs. Because this information does not encompass the additional long-term focus of the Academy-wide statements, we provide additional information with the governmental funds statement that explains the relationship (or differences) between them.

Fiduciary funds - The Academy is the fiduciary for assets that belong to others, such as the student activities funds. The Academy is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and used by those to whom the assets belong. We exclude these activities from the Academy-wide financial statements because the Academy cannot use these assets to finance its operations.

Financial analysis of the Academy as a whole

The Academy's combined net assets were less on June 30, 2009 than they were the year before, decreasing by \$243,596 to \$639,755. Unrestricted State aid revenue decreased from \$1,452,326 to \$1,284,401. A federal Education Stabilization Funds grant in the amount of \$66,890 was used to offset a reduction in State School Aid section 22b funds. The resulting state and federal amount in the current fiscal year of \$1,351,291 was approximately 7.5 percent lower than the prior year amount. This is due to a decrease in the blended enrollment count. Total expenses increased by approximately 4.1 percent. This is due, in part, to an increase in contracted teaching and administrative services, additional textbooks purchased in the current year, and pupil transportation costs of approximately \$20,000 that did not exist in the prior year.

A summary of the Academy's net assets as of June 30 is as follows:

	<u>2009</u>	<u>2008</u>
Current assets	\$ 705,035	\$ 847,827
Capital assets, net	2,245,773	2,316,884
Other noncurrent assets	<u>434,914</u>	<u>484,320</u>
Total assets	<u>\$3,385,722</u>	<u>\$3,649,031</u>
Current liabilities	\$ 207,980	\$ 198,098
Noncurrent liabilities	<u>2,537,987</u>	<u>2,567,582</u>
Total liabilities	<u>\$2,745,967</u>	<u>\$2,765,680</u>
Net assets:		
Invested in capital assets, net of related debt	\$ 217,599	\$ 272,371
Restricted for debt service	22,887	62,791
Restricted for facility maintenance	1,306	1,300
Unrestricted and undesignated	<u>397,963</u>	<u>546,889</u>
Total net assets	<u>\$ 639,755</u>	<u>\$ 883,351</u>

A summary of the Academy's changes in net assets as of June 30 is as follows:

	<u>2009</u>	<u>2008</u>
Revenues:		
Program revenues, State and Federal categorical grants	\$ 107,224	\$ 31,877
General revenues:		
State aid - unrestricted	1,284,401	1,452,326
Interest	2,834	17,564
Miscellaneous	<u>29,004</u>	<u>15,843</u>
Total revenues	1,423,463	1,517,610
Expenses:		
Instruction	954,902	907,395

Total expenses	<u>1,667,059</u>	<u>1,602,090</u>
Change in net assets	<u>\$ (243,596)</u>	<u>\$ (84,480)</u>

Financial analysis of the Academy's funds

Blended enrollment used for state aid purposes was 179.88 in June, 2009 compared to 194.64 in June, 2008. This accounts for the decrease in general fund revenues. State aid foundation allowance included in revenue from state sources accounts for most of the Academy's general fund revenue (91 percent). General fund expenditures increased by approximately \$100,000 compared to the prior year. This is due, in part, to an increase in contracted teaching and administrative services, additional textbooks purchased in the current year, and pupil transportation costs of approximately \$20,000 that did not exist in the prior year. Also, the first principal payment of \$40,000 was made in the current year on the debt that was restructured in June, 2007.

	<u>06/30/2008</u>	<u>06/30/2009</u>	<u>% Increase (Decrease)</u>
General Fund Balance	\$ 998,741	\$ 805,442	(24.0%)
General Fund Revenues	\$1,517,608	\$1,423,463	(6.2%)
General Fund Expenditures	\$1,516,387	\$1,616,762	6.6%
Cost of Instruction	\$ 940,082	\$ 954,751	1.6%
Support Services Expenses	\$ 435,973	\$ 464,418	6.5%
Debt Service Expenses	\$ 140,332	\$ 197,593	40.8%

General fund budgetary highlights

Over the course of the year, the Academy revised the annual operating budget. These budget amendments fall into several categories:

- A revenue decrease from state sources because State Aid was less than originally anticipated due to reduced enrollment compared to the prior year.
- Contracted service budget amounts were decreased because of the decreased enrollment. Bonuses originally anticipated were not realized because of the decreased enrollment.
- Textbooks and supplies were more than originally anticipated because of the necessity to deliver higher quality education in certain areas based on results of standardized test scores.
- Revising for debt service.

While the Academy's final budget for the General Fund anticipated expenses would exceed revenues by \$150,405, the actual results for the year showed expenditures over revenues of \$193,299. Actual revenues were \$12,037 lower than budgeted. This is mainly due to the fact that state source revenue was less than anticipated because of reduced enrollment.

The actual total expenditures were \$30,857 over budget. This large variance is due to a combination of factors, including teacher contracted services being under budget because of conservative budgeting based on uncertainty of year end bonus amounts. Amounts were budgeted for debt service, however the budgeted amounts did not take into account the entire amount of principal and interest that would be due in the current year. This resulted in an unfavorable budget variance for debt service expenditures of \$39,593.

Capital asset and debt administration

By June 30, 2009, the Academy had invested \$2,245,773 in capital assets net of accumulated depreciation. These assets are land, construction in progress, land improvements, buildings and improvements, outdoor equipment, computers and other equipment, and library materials.

Accumulated depreciation on these assets was \$771,123 as of June 30, 2009. Outstanding long-term debt incurred to invest in these assets was \$2,537,987 as of June 30, 2009. Interest from amortization of deferred amounts on refunding bonds of \$10,405 reduced the balance of the deferred amount on refunding liability. The Academy's fiscal year 2010 initial budget anticipates no significant spending for capital projects.

The Academy's capital assets at June 30 are as follows:

	<u>2009</u>	<u>2008</u>
Land	\$ 32,000	\$ 32,000
Software development in progress	-	2,500
Construction in progress	6,000	6,000
Land improvements	20,000	20,000
Buildings and improvements	2,811,368	2,806,456
Outdoor equipment	20,418	20,418
Computers and other equipment	111,355	96,820
Library materials	<u>15,755</u>	<u>15,755</u>
Total capital assets	3,016,896	2,999,949
Less accumulated depreciation	<u>(771,123)</u>	<u>(683,065)</u>
Total capital assets, net	<u>\$2,245,773</u>	<u>\$2,316,884</u>

Factors bearing on the Academy's future

At the time these financial statements were prepared and audited, the Academy was aware of existing circumstances that could significantly affect its financial health in the future.

- State aid funding from the State of Michigan represents 91 percent of the total Academy general fund revenue. Due to the economic climate in the State of Michigan, fluctuations in the foundation allowance are possible.
- Requirements of the No Child Left Behind Act could make it difficult for a small school such as ours to employ highly-qualified teachers for every subject.
- Student enrollment, because of per pupil state aid, is the driving force for the majority of our revenue. The Academy has taken measures to increase enrollment. Meanwhile, our local competitors have all constructed new facilities to attract students. The Academy's goal is to increase enrollment until it reaches capacity (260 students).

Contacting the Academy's financial management

This financial report is designed to provide our students, parents and creditors with a general overview of the Academy's finances and to demonstrate the Academy's accountability for the money it receives. If you have questions about this report or need additional information, contact the Academy's office at 00401 E. Dietz Road, Boyne City, Michigan 49712.

CONCORD ACADEMY-BOYNE
NOTES TO FINANCIAL STATEMENTS
June 30, 2009

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The basic financial statements of Concord Academy-Boyne, (the Academy) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Academy's accounting policies are described below.

Reporting Entity

Public School Academies were formed pursuant to the Michigan School Code of 1976 as amended by Act Number 416 of the Public Acts of 1994; Act Number 416 became effective March 30, 1995. The Academy filed Articles of Incorporation as a non-profit corporation September 1, 1995.

The Academy has a five year agreement with Lake Superior State University (LSSU) to organize and administer the Academy (expires June 30, 2010). LSSU is paid 3 percent of state aid payments for oversight services. The Academy's board of directors is approved by the authorizing body and is authorized to manage the Academy and the property and affairs of the Academy.

In evaluating how to define the Academy, for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in GAAP, currently GASB Statements No. 14 and No. 39.

Based upon the application of these criteria, the basic financial statements of the Academy contain all the funds controlled by the Academy's Board of Directors as no other entity meets the criteria to be considered a blended component unit or a discretely presented component unit of the Academy nor is the Academy a component unit of another entity.

Academy-Wide And Fund Financial Statements

The Academy-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the non-fiduciary activities of the Academy. The Academy-wide financial statements categorize primary activities as either governmental or business type. All of the Academy's activities are classified as governmental activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges paid by recipients who purchase, use or directly benefit from goods or services by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. State Foundation Aid and other unrestricted items are not included as program revenues but instead as *general revenues*.

CONCORD ACADEMY-BOYNE
NOTES TO FINANCIAL STATEMENTS
June 30, 2009

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Academy-Wide And Fund Financial Statements (Continued)

In the Academy-wide statement of net assets, the governmental activities column (a) is presented on a consolidated basis, and (b) is reported on a full accrual, economic resource basis which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Academy's net assets are reported in three parts - invested in capital assets, net of related debt; restricted net assets; and unrestricted net assets.

The Academy first utilizes restricted resources to finance qualifying activities.

The Academy-wide statement of activities reports both the gross and net cost of each of the Academy's functions. The functions are also supported by general government revenues (certain intergovernmental revenues and other revenue.) The statement of activities reduces gross expenses by related program revenues and operating grants. Program revenues must be directly associated with the function. Operating grants include operating-specific and discretionary (either operating or capital) grants.

The net costs (by function) are normally covered by general revenue (state sources, interest income and other revenues.)

The Academy does not allocate indirect costs.

This Academy-wide focus is more on the sustainability of the Academy as an entity and the change in the Academy's net assets resulting from the current year's activities.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from Academy-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

Governmental Funds - Governmental funds are those funds through which most school functions typically are financed. The acquisition, use and balances of the Academy's expendable financial resources and the related current liabilities are accounted for through governmental funds.

The Academy reports the following major governmental fund:

The *general fund* is the Academy's primary operating fund. It accounts for all financial resources of the Academy, except those required to be accounted for in another fund.

CONCORD ACADEMY-BOYNE
NOTES TO FINANCIAL STATEMENTS
June 30, 2009

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Academy-Wide And Fund Financial Statements (Continued)

Fiduciary funds account for assets held by the Academy as an agent on behalf of others. Fiduciary funds are not included in the government-wide statements.

The *agency fund* is custodial in nature and does not present results of operations or have a measurement focus. Agency funds are accounted for using the modified accrual basis of accounting. This fund is used to account for assets that the Academy holds for student and parent activity groups in an agency capacity.

Measurement Focus, Basis of Accounting and Basis of Presentation

Accrual Method

The Academy-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Modified Accrual Method

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Academy considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

State and federal aid and interest associated with the current fiscal period are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the Academy.

State Revenue

The State of Michigan utilizes a foundation grant approach which provides for a specific annual amount of revenue per pupil based on a statewide formula. The Foundation is funded from state and local sources. Revenues from state sources are primarily governed by the School Aid Act and the School Code of Michigan. The Michigan Department of Education administers the allocation of state funds to the Academy based on information supplied by the Academy. For the year ended June 30, 2009, the foundation allowance was based on pupil membership counts taken in February and September of 2008.

CONCORD ACADEMY-BOYNE
NOTES TO FINANCIAL STATEMENTS
June 30, 2009

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Measurement Focus, Basis of Accounting and Basis of Presentation (Continued):

State Revenue (Continued)

The state portion of the foundation is provided primarily by a state education property tax millage of 6 mills and an allocated portion of state sales and other taxes. The state revenue is recognized during the foundation period and is funded through payments from October, 2008 to August, 2009. Thus, the unpaid portion at June 30th is reported as due from State of Michigan.

The Academy also receives revenue from the State to administer certain categorical education programs. State rules require that revenue earmarked for those programs be used for its specific purpose.

Other Accounting Policies

Cash and Cash Equivalents and Investments

The Academy reports its investments in accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools* and No. 40 *Deposits and Investment Risk Disclosures*. Under these standards, certain investments are valued at fair value as determined by quoted market prices, or by estimated fair values when quoted market prices are not available. The standards also provide that certain investments are valued at cost (or amortized cost) when they are of a short-term duration, the rate of return is fixed, and the Academy intend to hold the investment until maturity.

State statutes authorize the Academy to invest in bonds and other direct and certain indirect obligations of the U.S. Treasury; certificates of deposit, savings accounts, deposit accounts, or depository receipts of a bank, savings and loan association, or credit union, which is a member of the Federal Deposit Insurance Corporation, Federal Savings and Loan Insurance Corporation, or National Credit Union Administration, respectively; in commercial paper rated at the time of purchase within the three highest classifications established by not less than two standard rating services and which matures not more than 270 days after the date of purchase. The Academy is also authorized to invest in U.S. Government or federal agency obligation repurchase agreements, bankers' acceptances of U.S. banks, and mutual funds composed of investments as outlined above.

Receivables

An allowance for uncollectible amounts was not considered necessary at June 30, 2009 because all receivables are considered collectible.

CONCORD ACADEMY-BOYNE
NOTES TO FINANCIAL STATEMENTS
June 30, 2009

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Capital Assets

Capital assets purchased or acquired are capitalized at historical cost or estimated historical cost. Donated fixed assets are valued at their estimated fair market value on the date received.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related fixed assets.

Depreciation on all assets is provided on the straight-line basis over the estimated useful lives as follows:

Buildings and additions	40 years
Furniture and other equipment	5 - 20 years

The Academy's capitalization policy is to capitalize individual amounts exceeding \$1,000.

Long-term Obligations

In the Academy-wide financial statements, long-term debt and other long-term obligations are reported as liabilities on the statement of net assets. Certificates of participation and bond premiums and discounts, as well as issuance costs are deferred and amortized over the life of the certificates of participation and bonds using the straight line method over the term of the related debt. Amortization of debt issuance costs for the year ended June 30, 2009 amounted to \$9,142.

The deferred amount on refunding (\$182,013) was incurred during the year ended June 30, 2007 and is the difference between the reacquisition price of the new debt (the amount placed in escrow) and the carrying amount of the old debt. This amount is being amortized as an element of interest expense over the life of the refunded debt based on the original principal maturities of the old debt. Amortization of the deferred amount on refunding for the year ended June 30, 2009 amounted to \$10,405.

Fund Balance

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

Use of Estimates

The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues, and expenditures. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

CONCORD ACADEMY-BOYNE
 NOTES TO FINANCIAL STATEMENTS
 June 30, 2009

NOTE B - BUDGETING:

Budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America. An annual appropriated budget is adopted for the general fund. All annual appropriations lapse at fiscal year end.

The Academy follows these procedures in establishing the budgetary data reflected in the financial statements:

1. The Chief Administrative Officer submits to the Board of Directors a proposed operating budget for the fiscal year commencing on July 1. The operating budget includes proposed expenditures and the means of financing them. The level of control for the budgets is at the functional level as set forth and presented as required supplementary information.
2. Public hearings are conducted to obtain comments from the public.
3. Prior to July 1, the budget is legally adopted by enactment of a General Appropriations Act pursuant to the Uniform Budgeting and Accounting Act (P.A. 621 of 1978). The act requires that the budget be amended prior to the end of the fiscal year when necessary to adjust appropriations if it appears that revenues and other financing sources will be less than anticipated or so that expenditures will not be in excess of original estimates. Expenditures shall not be made or incurred, unless authorized in the budget, in excess of the amount appropriated. Violations, if any, for the general fund are noted in the required supplementary information section.
4. The Chief Administrative Officer is authorized to transfer budgeted amounts between major expenditure functions within any fund; however, these transfers and any revisions that alter the total expenditures of any fund must be approved by the Board of Directors.
5. Formal budgetary integration is employed as a management control device during the year for the general fund.
6. The budget as presented, has been amended. Supplemental appropriations were made during the year with the last one approved prior to June 30, 2009. The Academy does not consider these amendments to be significant.

NOTE C - DEPOSITS AND RESTRICTED INVESTMENTS:

As of June 30, 2009, the Academy had the following investments:

Investment Type	<u>Fair Value</u>	<u>Weighted average maturity (years)</u>	<u>Standard & Poor's Rating</u>	<u>%</u>
First American Treasury Obligations Fund - class D	<u>\$407,478</u>	<u>0.12</u>	AAAm	<u>100%</u>
Portfolio weighted average maturity		<u>0.12</u>		
1 day maturity equals 0.12, one year equals 1.00				

CONCORD ACADEMY-BOYNE
NOTES TO FINANCIAL STATEMENTS
June 30, 2009

NOTE C - DEPOSITS AND RESTRICTED INVESTMENTS (Continued):

The Academy invests certain funds in external pooled investment funds which consist of treasury obligations held by trustee. Per the treasury obligation reports as of June 30, 2009, the fair value of the Academy's investments is the same as the value of the pool shares. The above investments are restricted as follows:

Debt Service Reserve Accounts - The balance in these accounts will be used to make principal and interest payments on the bonds if monies in the Bond Principal Fund or Bond Interest Fund are insufficient to make such payments when due. All monies remaining at maturity may be used to pay the principal and interest due on the bonds. The earnings on these accounts will be used to reduce the annual debt service payments.	\$194,660
Principal/Interest/Miscellaneous Accounts - Include amounts withheld from the Academy's monthly foundation grant and reserved for debt service.	48,306
Project Fund Account - The balance in this account is to be used for capital improvements to the Academy's facilities.	163,206
Repair and Replacement Fund Account - The balance in this account is to be used to pay the cost of extraordinary maintenance and replacements which may be required to keep the facility in sound condition.	<u>1,306</u>
Total held by trustee	<u>\$407,478</u>

Interest Rate Risk

The Academy does not have specific investment policies that limit investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. At June 30, 2009, the Academy had \$407,478 at fair market value invested in a money market fund. The average maturity of this fund is less than one year.

Credit Risk

State law limits investments in commercial paper and corporate bonds to a prime or better rating issued by nationally recognized statistical rating organizations.

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a bank failure, the Academy's deposits may not be returned to it. The Academy does not have a formal deposit policy for custodial credit risk. At June 30, 2009, the bank balance was \$317,036 of which \$64,007 was uninsured and uncollateralized.

CONCORD ACADEMY-BOYNE
NOTES TO FINANCIAL STATEMENTS
June 30, 2009

NOTE C - DEPOSITS AND RESTRICTED INVESTMENTS (Continued):

Custodial Credit Risk - Investments

For an investment, this is the risk that, in the event of the failure of the counterparty, the Academy will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

The Academy does not have a formal investment policy for custodial credit risk. However, all of the investments are in the name of the Academy and are held in trust accounts with the financial institution from which they were purchased.

NOTE D - CAPITAL ASSETS:

The following is a summary of the changes in the various fixed asset class categories for the year ended June 30, 2009:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Transfers/ Deletions</u>	<u>Ending Balance</u>
Capital assets not being depreciated:				
Land	\$ 32,000	\$ -	\$ -	\$ 32,000
Software development in progress	2,500	-	(2,500)	-
Construction in progress	<u>6,000</u>	<u>-</u>	<u>-</u>	<u>6,000</u>
Total capital assets not being depreciated	40,500	-	(2,500)	38,000
Capital assets being depreciated:				
Land improvements	20,000	-	-	20,000
Buildings and improvements	2,806,456	4,912	-	2,811,368
Outdoor equipment	20,418	-	-	20,418
Computers and other equipment	96,820	13,834	701	111,355
Library materials	<u>15,755</u>	<u>-</u>	<u>-</u>	<u>15,755</u>
Total capital assets being depreciated	2,959,449	18,746	701	2,978,896
Less accumulated depreciation	<u>683,065</u>	<u>89,857</u>	<u>(1,799)</u>	<u>771,123</u>
Total capital assets being depreciated, net	<u>2,276,384</u>	<u>(71,111)</u>	<u>2,500</u>	<u>2,207,773</u>
Total capital assets, net	<u>\$2,316,884</u>	<u>\$ (71,111)</u>	<u>\$ -</u>	<u>\$2,245,773</u>

Depreciation for the fiscal year ended June 30, 2009 totaled \$89,857. The Academy determined that it was impractical to allocate depreciation to the various governmental activities as the assets serve multiple functions.

NOTE E - PAYABLES:

The accounts payable balance at June 30, 2009 is composed of amounts due to the following types of entities:

Vendors	\$ 4,243
Contracted personnel expenses	1,247
Local public school	<u>1,390</u>
	<u>\$ 6,880</u>

CONCORD ACADEMY-BOYNE
NOTES TO FINANCIAL STATEMENTS
June 30, 2009

NOTE F - LONG-TERM DEBT:

The following is a summary of long-term debt activity for the year ended June 30, 2009:

	Series 2007 Bonds Payable (Due 11/1/2022)	Series 2007 Bonds Payable (Due 11/1/2036)	Total
Long-term debt, July 1, 2008	\$ 845,000	\$1,955,000	\$2,800,000
Additions	-	-	-
Retirements	<u>(40,000)</u>	<u>-</u>	<u>(40,000)</u>
Balance, June 30, 2009	805,000	1,955,000	2,760,000
Less current portion	<u>(40,000)</u>	<u>-</u>	<u>(40,000)</u>
Total due after one year	<u>\$ 765,000</u>	<u>\$1,955,000</u>	<u>\$2,720,000</u>

Long-term debt at June 30, 2009, consists of the following:

Bonds payable (series 2007), payable in annual installments ranging from \$40,000 to \$80,000 through November, 2022, with semi-annual interest payments at 5.45 percent. Secured by the full faith and credit obligation pledge of the Academy, all monies in specified funds of the Trustee, all proceeds of those funds, and all real and personal property of the Academy.	\$ 805,000
Bonds payable (series 2007), payable in annual installments beginning November, 2023, ranging from \$85,000 to \$375,000 through November, 2036, with semi-annual interest payments at 5.60 percent. Secured by the full faith and credit obligation pledge of the Academy, all monies in specified funds of the Trustee, all proceeds of those funds, and all real and personal property of the Academy.	<u>1,955,000</u>
Total	<u>\$2,760,000</u>

Total principal and interest maturities on the long-term debt outstanding as of June 30, 2009, are as follows:

<u>Year Ending June 30</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2010	\$ 40,000	\$ 152,263	\$ 192,263
2011	40,000	150,083	190,083
2012	45,000	147,766	192,766
2013	45,000	145,314	190,314
2014	50,000	142,725	192,725
2015 through 2019	290,000	669,208	959,208
2020 through 2024	380,000	578,129	958,129
2025 through 2029	505,000	456,260	961,260
2030 through 2034	670,000	292,600	962,600
2035 through 2039	<u>695,000</u>	<u>70,700</u>	<u>765,700</u>
Total	<u>\$2,760,000</u>	<u>\$2,805,048</u>	<u>\$5,565,048</u>

CONCORD ACADEMY-BOYNE
NOTES TO FINANCIAL STATEMENTS
June 30, 2009

NOTE F - LONG-TERM DEBT (Continued):

Total interest expense related to the bonds payable for the year ended June 30, 2009 was \$154,081.

Bonds maturing in the year 2018 and thereafter may be redeemed early beginning November 1, 2017 at par plus accrued interest.

NOTE G - CONTRACTED SERVICES:

The Academy contracted with Lakeshore Educational Management, Inc. (Lakeshore) to provide teaching, administrative and custodial services for the Academy. The payments to Lakeshore cover expenses associated with the teachers, administrative and custodial personnel, including wages, payroll taxes, and benefits. Lakeshore charged a \$750 semi-monthly administration fee. Total expense for the year ended June 30, 2009 under the contracts was \$1,089,749, including \$18,000 in administrative fees.

NOTE H - RISK MANAGEMENT:

The Academy is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees' and natural disasters.

The Academy carries commercial insurance for the various risks of loss.

NOTE I - SUBSEQUENT EVENTS:

Subsequent events have been evaluated through September 14, 2009, which is the date the financial statements were available to be issued.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors of
Concord Academy-Boyne:

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Concord Academy-Boyne (the Academy) as of and for the year ended June 30, 2009, which collectively comprise the basic financial statements of the Academy and have issued our report thereon dated September 14, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Academy's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Academy's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Academy's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Academy's ability to initiate, authorize, record, process or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Academy's financial statements that is more than inconsequential will not be prevented or detected by the Academy's internal control. We consider the deficiencies described below to be significant deficiencies in internal control over financial reporting. These deficiencies are referenced as 2009-1 and 2009-2.

Finding 2009-1: Management does not have the internal expertise to prepare financial statements in accordance with accounting principles generally accepted in the United States of America.

Response: Due principally to the negative impact on cash funds available to the Academy, the hiring of accounting personnel capable of preparing the Academy's financial statements and footnotes in accordance with accounting principles generally accepted in the United States of America is cost prohibitive.

The Academy's response to the findings identified in our audit is described above. We did not audit the Academy's response and, accordingly, we express no opinion on it.

Finding 2009-2: Lack of segregation of duties exists in the accounting function due to the limited number of accounting personnel.

Response: This condition is generally inherent in organizations the size of the Academy. Management is unable to employ the number of accounting personnel to attain an adequate separation of duties between management functions, accounting functions and custody of the Academy's assets. To the extent possible, duties are allocated between accounting personnel to mitigate risk of material misappropriation of assets. In addition, the Board of Directors assumes a higher level of oversight responsibilities to mitigate risks related to this lack of segregation of duties.

The Academy's response to the findings identified in our audit is described above. We did not audit the Academy's response and, accordingly, we express no opinion on it.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Academy's internal control. Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, of the significant deficiencies described above, we consider Finding 2009-1 to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Academy's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain other matters that we reported to the management of the Academy in a separate letter dated September 14, 2009.

Board of Directors
Concord Academy-Boyne

This report is intended solely for the information and use of the Board of Directors, management, others within the organization, and the State of Michigan and is not intended to be and should not be used by anyone other than these specified parties.

Smolinski & Christman, P.C.
