Please consider a donation to the "Helping Hands" fund as we are currently assisting several families. Many thanks for your support.

OFFICIAL COUNT DAY

As you know the primary source of our funding is provided through state aid payments which are based on our enrollment. Once each semester schools are required to conduct an official count day. If students are absent from school on these days, the school is required to go through a difficult procedure to verify that any "missing student" actually attends the school. To simplify this process, we are encouraging each family to make every effort to have their child/children at CAB on Wednesday, Feb. 14th. There will be prizes for ALL classes with perfect attendance. Your cooperation in this matter is deeply appreciated. Mr. Kubovchick

E-Mail PLEASE

If you did not get an e-mail on Tuesday of this week concerning the PTP events - then we do not have your correct e-mail address. Please sent it to the office so we may include you. Many thanks!!
